June 11, 1976

Dear President:

Enclosed in your Temple packets for the month of June, 1976, are the following items for your information and assistance.

1. Computer Sheets for May, 1976 containing a record of your endowments with the annual goals and the percentage completed. This shows 76% of the Temple year has elapsed and from this you can easily determine if you are on schedule of completing your goal for the year. Copies are included for each ward.

2. Initiatory Invitations for July, 1976. The High Council Temple Representative distributes these equitably to the wards and two days prior to the appointment sends a list to the Temple of the names of those who will fill the invitations.

3. Temple Information Sheets for your use and distribution to the Wards. These can be used to increase temple participation from your Stake.

4. Initiatory Summary for May, 1976. From this you and your High Council Temple Representative may determine how your Stake is filling these invitations and how you compare with previous months.

5. Lost and Found - Anything you can do to help the people of your Stake reclaim their lost articles will certainly be appreciated. Our Lost and Found space at the Temple is about filled. Copy for each Ward.

"In the Lord's plan for the salvation of His children, He has made two points clear: (1) Jesus Christ is the only name under heaven by which authority is given for mans salvation, and (2) every man and woman must accept the Gospel and receive its ordinances by that authority or they cannot be saved. The necessary ordinances must be performed for the dead by mortals." (Priesthood Genealogy Handbook, 1976) Stake and Ward leaders should be encouraged to come to the Temple and bring their people with them to participate in this great work.

We pray the Lord will continue to bless you in stimulating greater Temple activity in your Stake and we want you to know we appreciate the work that you are now doing.

Sincerely yours,

THE PROVO TEMPLE PRESIDENCY
